

CONFIDENCE

Greenville Aquatics & Fitness Center YOUTH SWIM CLUBS

Program Description

Looking for an aquatics program that will not only increase your child's skills but also build confidence? Look no further than our Youth Swim Clubs! Participants work towards moving through the water with higher efficiency, as well as self-evaluation techniques to continue improvement. It's not all work though, as participants learn the value of teamwork through multi-person exercises. Best of all, swimmers are grouped according to skill level so their learning progression moves at a comfortable speed. Our Youth Swim Clubs instill confidence, both parent's confidence in their child's safety in the water as well as the swimmers ability to believe they can do anything through practice and commitment.

Don't just take our word for it...
"We just moved here in June and we are delighted with your program! I would highly recommend it to anyone! Our son really is benefiting more than I ever imagined."
 - Sandy S.

Program Info
